AI-ML Enthusiast, Web Developer,
Competitive Coding

EDUCATION

2018 – [B.E] Computer Science and Engineering
Present BMS College of Engineering

2015 – 10+2 Boards
2017 Delhi Public School, Ranchi

2005 – High School
2015 Army Public School, Ranchi

Python
C/C++
Git/Gitub
Machine-Learning, DL
Java
HTML, CSS, JS, PHP
FLUTTER, DART, React, NodeJs
MySql, MongoDB, Firebase

Jupyter git Office Cisco-Packet-Tracer Xcode Atom Android Studio

EXPERIENCE

08/2020 – Machine-Learning-Intern Verzeo
10/2020 Build a classification model that predicts heart disease in a subject Python / Keras / Tensor-Flow
03/2020 – Problem-Setter CodingClub India
04/2020 part time Help a Coding-platform start-up to setup the coding contest question (Done this as a part of free-lance) C / C++ / Python / Linux

PROJECTS

10/2020 – Placement Statistics Portal Android/iOS App
Present(Currently Going-on) An Flutter app which helps students and recruiters to know about the scenarios which take place during the placement. It includes past experiences of the student who either got selected for the Full time offer or internship. New experience can be pushed into this website if he/she is a college member. A verification is needed for the same It will connect recruiter directly to the college students and administrator upon simply signing in with its organisation Id.
11/2020 – Present An Online Lab Exam Testing Interface Web-Interface
An interface to conduct online lab exam in which the teacher can keep track of the student screen and behaviour. This project is similar to a combination of Hackerrank+TeamViewer+Google-Meet+Codepen. Develop as a part of Department project under CodeIO-BMSCE.
03/2020 – Blood Bank Donation Portal Website
06/2020 A fully functioning website built for the society under course-work project. This website help donors who are register in this portal to know about the shortage of blood (if any).
08/2019 – 11/2019 A E-Commerce Website Front-End
A Front-End website for an Hardware Store.

EXTRACURRICULAR ACTIVITIES

Core-Member at CodeIO - Competitive Coding
Core-Member at CodeIO - R/D
Work as Freelance

CERTIFICATIONS

DSA - CodingClub
Python/ML/DL - Coursera
Web Development BootCamp - Udemy

NON PROFIT

If you love my work and need my help to make your work creative or more efficient...I am ready.
